

AIM is looking after out for your health...

**Complimentary and Innovative Health Assessments
available in August and September for Professional Members of AIM...**

Perth Integrated Health Clinic (PIHC) and the Australian Institute of Management are pleased to be able to offer Professional Members the opportunity to utilise the services of various expert clinical practitioners from PIHC around Perth.

The Institute and PIHC recognises the importance of motivating and improving the health and wellbeing of professionals and this investment will be rewarded with greater wealth of mind, body and spirit in the corporate world.

Courtesy of PIHC, Professional AIM Members have been invited to choose one of the following **complimentary** health assessments to enjoy at PIHC throughout the month of August and September as a value added benefit of Professional Membership.

Spinal Muscular Assessment

Spinal Muscular Treatment by Occupational Therapists is probably one of the best-kept health secrets of the past twenty years. Specialists in hands on treatment and rehabilitation for muscles and joints. Come and see how your muscles and joints perform by our Occupational Therapists.

Podiatry Assessment

By the end of your lifetime, you will have walked to the moon and back twice yet we tend to pay little or no attention to them. Ever experienced an achy back or sore feet after going for a run? Come and see how your feet stand up by an assessment conducted by our Senior Podiatrist – Jill Hunter.

Bra & Postural Assessment

Evolved from groundbreaking research featured on Today Tonight in 2005 and investigating the effect of the bra on posture (breathing, sleep patterns, muscular/joint pain). Come and see how your bra and posture measure up with our Senior Occupational Therapist, Lucy Liongue - who featured on Today Tonight.

Dynamic Huber Assessment

Experience the state of the art system, under the supervision of an expert health professional to assess joint and muscular function with the wellness goal to improve strength, balance and coordination. The only one available in WA. Come and see how your muscles and joints perform on this state of the art system– Assessment conducted by Occupational Therapists Lauren Savill & Lucy Liongue.

To take advantage of one of these fantastic offers for Professional Members only, please phone PIHC directly on 9226 1239 and note the following when booking:

- Quote your AIM Professional Membership ID
- Elect one of the four options above
- Allow for maximum 30mins for the whole experience
- Available for *August/September 2006* only

For more information please contact Lucy Liongue, Senior Occupational Therapist on 92261239 or email lucy@pihc.com.au
